CAE-ICCU Bedside Ultrasound Seminar: June 4th

CAE-ICCU in collaboration with the Canadian Critical Care Society is interested in offering a Bedside Ultrasound training seminars designed to teach basic principles of the sonographic exam being used as an extension to the physical examination. Seminars are addressed to physicians with or without prior ultrasound experience, including intensivists, ER physicians, anesthesiologists, surgeons, cardiologists, nurse practitioners, etc. All seminars are provided by highly trained critical care physicians and certified sonographers.

The practical session is organized with portable ultrasound devices. The ratio is 1 ultrasound machine per group of 2-3 people, ensuring that each participant receives ample practice time. A portion of the hands-on session will include practicing on a high fidelity echocardiography simulator that allows participants to scan various acute cardiac pathologies.

Fee for the seminar would be \$995 (+ taxes) for CCCS members and \$1195 (+taxes) for non CCCS members.

Please contact brunslo@criticalcarereview.ca by April 1st should you be interested in attending this seminar.
